*School Leader Internship* Gary E. Martin 2013-10-02 School leadership internships are the bridge between classroom teachers and first-time leadership positions. Research shows that quality internships are equally as important as the graduate programs themselves in establishing leadership practices that improve teaching, learning, and school conditions. This book was written as a stand-alone graduate textbook and serves as a guide and support for creating and managing quality school leader internship programs. It provides step-by-step guidance for interns, their supervisors, and their faculty on how to initiate an internship and evaluate interns' work. In this updated third edition, the authors have aligned the internship to the revised ISLLC standards, making this book critical for the over 500 leadership preparation programs nationwide and the thousands of school districts that support leadership candidates.

**Teaching, Bearing the Torch** Pamela J. Farris 2013-12-12 Teachers are torchbearers—leaders who impart knowledge, truth, or inspiration to others. Pamela Farris, joined by Patricia Rieman in the latest edition of this exceptional foundations text, clearly demonstrates how teachers bear the torch. The authors' well-researched approach provides both positive and negative aspects of education trends. Their generous use of examples shows how teaching and schooling fit into the broader context of U.S. society and how they match up with other societies throughout the world. Farris and Rieman's lively writing style instills teacher education candidates with a lucid understanding of such topics as philosophy and history of education, national trends, requirements of becoming a teacher, teachers' salaries, how schools are governed and funded, demographic changes and expectations for the future, differences in rural and urban schools, and use of technology. Detailed lists of a variety of websites provide additional resources. Anecdotes of professionals in the field—authentic-voice narratives with frank insights into real-world teaching experiences—punctuate the text. Boxed scenarios concentrate on important issues and educators, energize readers' interest, and stimulate proactive thinking. Other outstanding features are the book's affordability and versatility. Instructors can easily assign all or a portion of the chapters to fit course needs.

**Competency-Based Accounting Education, Training, and Certification** Alfred Borgonovo 2019-06-06 This guide is designed to assist all those who are responsible for providing or overseeing formal education or practical experience that forms part of the initial professional development of aspiring professional accountants, or the continuing professional development of professional accountants. It is particularly relevant to professional accountancy organizations. It is also intended for policy makers and regulators who determine which organizations are licensed to certify professional accountants and related specializations, for example, audit professionals. The purpose of the guide is to • increase understanding of the gap between the current skills of many accountants in some regions and the skills that are relevant in increasingly digitized and globalized economies; • convey the essential features of Competency-Based Accounting Education, Training, and Certification (CBAETC); • provide a common reference framework for organizations pursuing CBAETC and the consultants working with them; • assist countries in developing in-country plans and implementing in-country processes that produce accountants with higher-order skills relevant to their economy's rapidly evolving needs; and • improve financial reporting, auditing, and regulation. This guide complements and builds on International Education Standards (IES™) of the International Accounting Education Standards Board™ (IAESB™).
